

Tree of Life

Klimt painted a mural, 'The Tree of Life', onto a palace. The tree had swirling branches, lots of symbols, patterns, shapes, gold paint, and decorations.

Complete the tree picture below so that it includes symbols from your own life. Think about using your favourite colours. Is there a colour that means a lot to you? Maybe you could include the colours of your favourite football team. You could add some people or animals that are important to you. What else could you add?
